You are encouraged to attend the 3rd Annual *Southeast Georgia College of Commissioner Science*, a joint venture between the Coastal Empire Council and the Okefenokee Area Council. Although the College of Commissioner Science (Commissioner's College) is designed to provide continuing education for all commissioners (council and district commissioners, unit commissioners, and roundtable commissioners, **you do not need to be a commissioner to attend.** The Commissioner's College provides ongoing practical training for all registered Scouters.

This annual conference is a format modeled after college courses and degrees. All commissioners can earn the *Bachelor of Commissioner Science* "degree" upon successful completion of the required courses. All those who hold a current *Bachelor's* degree can earn the *Master of Commissioner Science* Degree. All commissioners who have earned the *Master of Commissioner Science* can participate in the *Pre-Doctorate Program* (third year) leading to the 4th year *Doctorate of Commissioner Science* degree. All others will receive a *Certificate of Achievement* depending on the courses attended. To register or for more information visit www.bsasavannah.org.
