Introduction to Outdoor leadership Skills is for you!

Does your unit have trained leaders?
Is the top leader trained in your unit?

LEARN THE SKILLS EVERY SCOUT SHOULD KNOW

PATROL OUTDOOR COOKING

Have you ever cooked an egg in an orange or on a stick? Learning how to cook and handle food safely is part of every Scout's skill set. In this training you will learn how to teach these skills and more to your Scouts. You will also learn other new outdoor cooking techniques as well.

Basic Camping Skills

Leave No Trace camping is more important now than ever. Do you know how to build a cook fire on a piece of plywood? How to set your tent up so you will not wake up in a puddle when it rains? These and other skills taught to a Scout will make outdoorsman out of them.

CAMPFIRE

Showmanship is part of Scouting that goes back to its founding. Learn the art of the campfire and the way to bring this back to your unit. Please go to the Council's Web site and sign up now for this great experience.
